PROSPECTUS

Filed pursuant to Rule 424(b)(5)
Registration No. 333-299373

24,276,696 Shares of Common Stock

This prospectus relates to the resale by the selling stockholders named in this prospectus (the "Selling Stockholders") from time to time of up to 24,276,696 shares of common stock, par value $0.001 per share (the "Common Stock"), of RenX Enterprises Corp. (the "Company," "we," "our," or "us"). The shares of Common Stock being registered hereunder consist of: (i) up to an aggregate of 9,091,065 shares of Common Stock (the "Incremental First Conversion Shares") issuable upon the conversion of the outstanding portion of those certain senior convertible notes in the original aggregate principal amount of $6,300,000 (the "First Notes") that we issued to the Selling Stockholders on May 4, 2026 (the "First Closing Date") in the initial closing (the "First Closing") pursuant to that securities purchase agreement, dated April 30, 2026 (as amended to date, the "Purchase Agreement"), by and between us and the Selling Stockholders, as more fully described in this prospectus; (ii) up to an aggregate of 11,664,772 shares of Common Stock (the "Second Conversion Shares" and, together with the Incremental First Conversion Shares, the "Conversion Shares") issuable upon the conversion of those certain senior convertible notes in the aggregate principal amount of approximately $5,662,716 (the "Second Notes" and, together with the First Notes, the "Notes") that we issued to the Selling Stockholders on August 26, 2026 (the "Second Closing Date") in the second closing (the "Second Closing") pursuant to the Purchase Agreement; (iii) up to 3,520,859 shares of Common Stock (the "Second Warrant Shares") issuable upon exercise of certain accompanying warrants (the "Second Warrants" and, together with the First Warrants, the "Warrants") that were issued to the Selling Stockholders in the Second Closing together with the Second Notes on the Second Closing Date pursuant to the Purchase Agreement.

From September 25, 2026 to October 1, 2026, certain of the Selling Stockholders converted First Notes in the aggregate principal amount of $1,100,000, plus accrued interest of $44,000, into an aggregate of 773,236 shares of our Common Stock. As a result, as of October 5, 2026, First Notes in the aggregate principal amount of $5,200,000 remain outstanding. The 9,091,065 Incremental First Conversion Shares represent that number of shares of Common Stock issuable upon conversion of the outstanding First Notes, in the aggregate principal amount of $5,200,000, equal to (i) the number of shares of Common Stock issuable assuming the full conversion of the outstanding First Notes, plus accrued interest, at the floor price (the "Floor Price") of $0.534 per share, *less* (ii) 1,620,548 shares of Common Stock, which is the portion of the Previously Registered First Conversion Shares (as defined below) that have not yet issued upon conversion of the First Notes. The Incremental First Conversion Shares will not be issued to the Selling Stockholders unless and until the First Notes are converted into a number of shares of Common Stock in excess of the number of shares of Common Stock previously registered by the Company for resale by the Selling Stockholders upon conversion of their respective First Notes, amounting to an aggregate of 2,393,784 shares of Common Stock (the "Previously Registered First Conversion Shares"), pursuant to that Registration Statement on Form S-3 (No. 333-295970) filed by the Company with the Securities and Exchange Commission (the "SEC") on May 15, 2026, as amended on June 22, 2026 and July 13, 2026, which was declared effective by the SEC on August 5, 2026. The 773,236 shares of Common Stock that have been issued upon conversion of First Notes to date are a portion of the Previously Registered First Conversion Shares, and are not being registered hereunder.

The 11,664,772 Second Conversion Shares issuable upon conversion of the Second Notes assumes the full conversion of the Second Notes, plus accrued interest, into shares of Common Stock, at the Floor Price (assuming that the Second Notes accrued interest at 10% for a period of twelve (12) months), without giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the Second Notes.

The Second Warrants are exercisable immediately upon issuance, have a term of six years from the date of issuance and are exercisable at a price of $2.67 per share of Common Stock. The Incremental First Conversion Shares, the Second Conversion Shares and the Second Warrant Shares are collectively referred to as the "Private Placement Shares."

The Notes and the Warrants were issued in reliance upon the exemption from the registration requirements in Section 4(a)(2) of the Securities Act of 1933, as amended (the "Securities Act"), and/or Regulation D promulgated thereunder, as applicable. We are registering the Private Placement Shares for resale by the Selling Stockholders.

We are filing this registration statement on Form S-3, of which this prospectus forms a part, to fulfill our contractual obligations to register the resale of the Private Placement Shares by the Selling Stockholders. See "Selling Stockholders" beginning on page 19 of this prospectus for more information about the Selling Stockholders. Our registration of the shares of Common Stock covered by this prospectus does not mean that the Selling Stockholders will offer or sell any of such shares of Common Stock. The Selling Stockholders named in this prospectus, or their donees, pledgees, transferees or other successors-in-interest, may resell the shares of Common Stock covered by this prospectus through public or private transactions at prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices. For additional information on the possible methods of sale that may be used by the Selling Stockholders, you should refer to the section of this prospectus entitled "Plan of Distribution."

The issuance of the shares of Common Stock covered by this prospectus could cause substantial dilution to our existing stockholders. The 24,276,696 shares covered by this prospectus represents approximately 699% of the number of shares of Common Stock outstanding as of the date of this prospectus. See the section of this prospectus entitled "The Private Placement" for additional information regarding the terms of the Notes and Warrants, including the potential reduction of the conversion price of the Notes below the Initial Conversion Price and dilution that may result therefrom, as well as information regarding additional promissory notes and warrants that we may sell and issue to the Selling Stockholders in the future pursuant to the Purchase Agreement. The actual number of shares of Common Stock that we issue to the Selling Stockholders may be less than or more than the aggregate number of shares covered by this prospectus. Please refer to risk factor entitled "*The issuance of all of the shares of Common Stock covered by this prospectus will significantly increase the total number of shares of Common Stock issued and outstanding and thereby cause our existing stockholders to experience substantial dilution*" on page 8 of this prospectus. For additional information regarding the terms of the Notes and the Warrants, including those terms which may affect the number of Conversion Shares and Warrant Shares that may be issued to the holders of the Notes and the Warrants, you should refer to the section of this prospectus entitled "The Private Placement."

We will not receive any of the proceeds from the sale of Common Stock covered by this prospectus by the Selling Stockholders. However, we will receive proceeds from the exercise of the Second Warrants, if the Second Warrants are exercised by the Selling Stockholders for cash. We intend to use such proceeds, if any, for working capital and general corporate purposes.

Any Private Placement Shares subject to resale hereunder will have been issued by us and acquired by the Selling Stockholders prior to any resale of such shares pursuant to this prospectus.

No underwriter or other person has been engaged to facilitate the sale of the Private Placement Shares in this offering. We will bear all costs, expenses and fees in connection with the registration of the Private Placement Shares. The Selling Stockholders will bear all commissions and discounts, if any, attributable to their respective sales of the Private Placement Shares.

Shares of our Common Stock are traded on the Nasdaq Capital Market ("Nasdaq") under the symbol "RENX." On October 5, 2026, the closing sale price of our Common Stock on Nasdaq was $1.89 per share.

We are an "emerging growth company" and a "smaller reporting company," each as defined under the federal securities laws and, as such, have elected to comply with certain reduced reporting requirements for this prospectus and may elect to do so in future filings. See the sections of this prospectus entitled "Prospectus Summary - Implications of Being an Emerging Growth Company" and "Prospectus Summary – Implications of Being a Smaller Reporting Company."

We may amend or supplement this prospectus from time to time by filing amendments or supplements as required. You should read the entire prospectus and any amendments or supplements carefully before you make an investment decision.

Investment in our Common Stock involves risk. See "Risk Factors" contained in this prospectus on page 6, under similar headings in our annual and periodic reports filed from time to time with the Securities and Exchange Commission, which are incorporated by reference in this prospectus and in any applicable prospectus supplement. You should carefully read this prospectus and the accompanying prospectus supplement, together with the documents we incorporate by reference, before you invest in our Common Stock.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or the accuracy of this prospectus. Any representation to the contrary is a criminal offense.

PROSPECTUS SUMMARY

This summary highlights certain information about us and selected information contained elsewhere in this prospectus and in the documents we incorporate by reference. This summary does not contain all of the information you should consider before investing in our Common Stock. You should read this entire prospectus and the documents incorporated by reference carefully, especially the risks of investing in our Common Stock discussed under and incorporated by reference in "Risk Factors" on page 6 of this prospectus, along with our consolidated financial statements and notes to those consolidated financial statements and the other information incorporated by reference in this prospectus, before making an investment decision.

On October 8, 2024, we effected a 1-for-20 reverse stock split of our then-outstanding Common Stock (the "2024 Stock Split"). All share and per share amounts set forth in this prospectus from the period prior to the 2024 Stock Split have been retroactively adjusted to reflect the 2024 Stock Split.

On March 26, 2026, we effected a 1-for-20 reverse stock split of our then-outstanding Common Stock (the "2026 Stock Split"). All share and per share amounts set forth in this prospectus from the period prior to the 2026 Stock Split have been retroactively adjusted to reflect the 2026 Stock Split.

The Company

RenX Enterprises Corp. is a Delaware corporation, originally formed in 2021 under the name SGB Development Corp. to engage in real property development using purpose-built, prefabricated modules constructed from both wood and steel. From our inception through 2023, our operations primarily focused on the acquisition, entitlement, and development of residential properties in high-growth markets across the United States. These efforts included the direct acquisition of land, strategic investments in real estate entities, and joint venture partnerships targeting green, single-family and multifamily housing projects.

In 2023 and early 2024, we expanded our strategy by investing in real estate-related artificial intelligence ("AI") technologies and entering into additional joint ventures in the Southern Texas market aimed at developing sustainable single-family housing. Due to our shift in focus described below, we are no longer pursuing real estate AI related activities. We also announced plans to monetize our real estate holdings by selling properties where third-party appraisals indicated meaningful value appreciation, with proceeds to be reinvested into our current operations.

In June 2025, we completed our acquisition of Resource Group US Holdings LLC ("Resource Group"), which marked a significant strategic shift in our core business. Resource Group, through its subsidiaries, is a vertically integrated, full-service operator in the engineered soils and organic recycling industry. Its operations center on the transformation of targeted organic green waste materials into environmentally friendly soil and mulch products. Through our subsidiary, Zimmer Equipment Inc. ("ZEI"), we provide comprehensive waste logistics and collection services for our own products as well as for products of third parties through ZEI's owned fleet of high-capacity transportation equipment and third-party contractors engaged by us. ZEI offers year-round collection and disposal services through high-capacity grapple trucks, open-top walking floor trailers, and variable-sized containers serving green waste generators, landscaping companies, golf courses, communities, and municipalities. Resource Group works with ZEI to streamline operations by internalizing certain transportation services, reducing over-the-road mileage, lowering disposal costs, and maximizing efficiency.

We currently operate in three segments: compost sales, logistics, and real estate. While our logistics business operated by our subsidiary, ZEI, and our compost sales business operated by our subsidiary, Resource Group, are expected to serve as our primary operational focuses going forward, we are also continuing to try to monetize our legacy real estate assets and joint venture interests.

Risks Associated with this Offering

Our business and our ability to implement our business strategy are subject to numerous risks, as more fully described in the section of this prospectus entitled "Risk Factors" and under similarly titled headings of the documents incorporated herein by reference. You should read these risks before you invest in our securities. We may be unable, for many reasons, including those that are beyond our control, to implement our business strategy. In particular, risks associated with this offering include:

- If we fail to comply with the continued listing requirements of Nasdaq, our Common Stock may be delisted and the price of our Common Stock and our ability to access the capital markets could be negatively impacted.
- It is not possible to predict the actual number of shares of Common Stock we will issue upon conversion of the Notes.
- The sale of a substantial amount of our shares in the public market could adversely affect the prevailing market price of our securities.
- The issuance of the shares of Common Stock covered by this prospectus, including the shares of Common Stock that may become issuable upon conversion of the Notes as a result of a reduction in the conversion price of the Notes below the Initial Conversion Price, could significantly increase the total number of shares of Common Stock issued and outstanding and thereby cause our existing stockholders to experience substantial dilution.
- Under the Purchase Agreement, we are subject to certain restrictive covenants that may make it difficult to procure additional financing.
- A registration default under the Registration Rights Agreement entered into between us and each of the Selling Stockholders on April 30, 2026 (as amended, the Registration Rights Agreement") could result in liquidated damages obligations that would adversely affect our cash position.
- Investors who buy shares at different times will likely pay different prices.
- We have additional securities available for issuance, which, if issued, could adversely affect the rights of the holders of our Common Stock.
- Stockholders may experience significant dilution as a result of potential future financings that we may effect.
- An active trading market for our Common Stock may not be sustained.
- Our share price has in the past and may in the future be subject to substantial volatility, and stockholders may lose all or a substantial part of their investment.

Implications of Being an Emerging Growth Company

We are an "emerging growth company" as defined in the federal securities laws. An emerging growth company may take advantage of specified reduced reporting requirements that are otherwise generally applicable to public companies. As a result:

- we are required to have only two years of audited financial statements and only two years of management's discussion and analysis of financial condition and results of operation in this prospectus;
- we are not required to comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor's report providing additional information about the audit and financial statements (i.e., an auditor discussion and analysis) compliance with new or revised accounting standards until they are made applicable to private companies;
- we are not required to engage an auditor to provide an attestation to report on our internal control over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act of 2002;
- we are not required to comply with certain disclosure requirements related to executive compensation, such as the requirement to disclose the correlation between executive compensation and performance and the requirement to present a comparison of our Chief Executive Officer's compensation to our median employee compensation; and
- we are not required to submit certain executive compensation matters to stockholder advisory votes, such as "say on pay," "say on frequency" and "say on golden parachute arrangements."

We may take advantage of these reduced reporting and other requirements until the earlier of (i) the last day of the first fiscal year following the fifth anniversary of the completion of the initial public offering of our securities; (ii) the last day of the first fiscal year in which we have total annual gross revenue of at least $1.235 billion; (iii) the last day of the fiscal year in which we are deemed to be a "large accelerated filer" as defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which would occur if the market value of our common stock held by non-affiliates exceeded $700.0 million as of the last business day of the second fiscal quarter of such fiscal year; or (iv) the date on which we have issued more than $1.0 billion in non-convertible debt securities during the prior three-year period.

We have elected to take advantage of certain of the reduced disclosure obligations in this prospectus and the registration statement of which this prospectus is a part, and we may elect to take advantage of other reduced reporting requirements in the future. As a result, the information that we provide to our stockholders may be different than, and not comparable to, information presented by other public reporting companies.

Implications of Being a Smaller Reporting Company

We are also a "smaller reporting company" as defined in Item 10(f)(1) of Regulation S-K. Smaller reporting companies may take advantage of certain reduced disclosure obligations, including, among other things, providing only two years of audited financial statements. We will remain a smaller reporting company until the last day of the fiscal year in which (1) the market value of our shares held by non-affiliates equals or exceeds $250 million as of the prior June 30th, or (2) our annual revenues equaled or exceeded $100 million during such completed fiscal year and the market value of our shares held by non-affiliates equals or exceeds $700 million as of the prior June 30th. Such reduced disclosure and corporate governance obligations may make it more challenging for investors to analyze our results of operations and financial prospects. We may be a smaller reporting company even after we are no longer an emerging growth company.

Corporate Information

We were incorporated in Delaware on February 27, 2021. Our principal executive office is located at 100 Biscayne Blvd., Floor 12, Suite 1201, Miami, Florida 33132, and our phone number is (786) 808-5776. We maintain a website at *www.renxent.com*. The reference to our website is intended to be an inactive textual reference only. The information contained on, or that can be accessed through, our website is not part of this prospectus.

In December 2022, Safe & Green Holdings Corp. ("SG Holdings"), the then owner of 100% of our issued and outstanding securities, announced its plan to separate Safe and Green Development and SG Holdings into two separate publicly traded companies (the "Separation"). To implement the Separation, on September 27, 2023 (the "Distribution Date"), SG Holdings, effected a pro rata distribution to SG Holdings' stockholders of approximately 30% of the outstanding shares of our Common Stock (the "Distribution"). Immediately after the Distribution, we were no longer a wholly owned subsidiary of SG Holdings and SG Holdings held approximately 70% of our issued and outstanding securities. SG Holdings no longer holds any of our issued and outstanding securities. On September 28, 2023, our Common Stock began trading on the Nasdaq Capital Market under the symbol "SGD."

Effective December 19, 2025, we changed our corporate name to RenX Enterprises Corp. and our Common Stock began trading on the Nasdaq Capital Market under the symbol "RENX."

RISK FACTORS

Investing in our shares of Common Stock involves a high degree of risk. Before deciding whether to invest in our Common Stock, you should consider carefully the risks and uncertainties described below, together with all of the other information included or incorporated by reference in this prospectus, including the risks and uncertainties discussed under "Risk Factors" in our most recent Annual Report on Form 10-K and our subsequent Quarterly Reports on Form 10-Q, which are incorporated by reference in this prospectus, as well as any updates thereto contained in subsequent filings with the SEC or any free writing prospectus, before deciding whether to purchase our Common Stock in this offering. All of these risk factors are incorporated herein in their entirety. The risks described below and incorporated by reference are material risks currently known, expected or reasonably foreseeable by us. However, the risks described below and incorporated by reference are not the only ones that we face. Additional risks not presently known to us or that we currently deem immaterial may also affect our business, operating results, prospects or financial condition. If any of these risks actually materialize, our business, prospects, financial condition, and results of operations could be seriously harmed. This could cause the trading price of our Common Stock to decline, resulting in a loss of all or part of your investment. For more information, see the section entitled "Where You Can Find More Information."

If we fail to comply with the continued listing requirements of Nasdaq, our Common Stock may be delisted and the price of our Common Stock and our ability to access the capital markets could be negatively impacted.

Our Common Stock is currently listed for trading on Nasdaq. We must satisfy Nasdaq's continued listing requirements, including, among other things, a minimum stockholders' equity of $2.5 million and a minimum closing bid price of $1.00 per share or risk delisting, which would have a material adverse effect on our business. A delisting of our Common Stock from Nasdaq could materially reduce the liquidity of our Common Stock and result in a corresponding material reduction in the price of our Common Stock. In addition, delisting could harm our ability to raise capital through alternative financing sources on terms acceptable to us, or at all, and may result in the potential loss of confidence by investors, suppliers, customers and employees and fewer business development opportunities.

On January 26, 2026, we received a letter from Nasdaq notifying us that for the preceding 30 consecutive business days (December 5, 2025 through January 20, 2026), our Common Stock did not maintain a minimum closing bid price of $1.00 per share as required by Nasdaq Listing Rule 5550(a)(2) ("Minimum Bid Price Requirement"). The notice had no immediate effect on the listing or trading of our Common Stock, which continues to trade on the Nasdaq Capital Market under the symbol "RENX." In accordance with Nasdaq Listing Rule 5810(c)(3)(A), we had a compliance period of 180 calendar days, or until July 27, 2026, to regain compliance with Nasdaq Listing Rule 5550(a)(2). On December 8, 2025, our stockholders approved and authorized us to amend our Amended and Restated Certificate of Incorporation, as amended, to effect a reverse stock split at a ratio of 1-for-5 to 1-for-20, and on March 26, 2026, we effected the 1-for-20 reverse stock split of our then-outstanding Common Stock. Nasdaq Listing Rule 5810(c)(3)(A)(iv) states that any listed company that fails to meet the Minimum Bid Price Requirement and has effected a reverse stock split over the prior one-year period, or has effected one or more reverse stock splits over the prior two-year period with a cumulative ratio of 250 shares or more to one, will not be eligible for an automatic 180-day grace compliance period and the Nasdaq Listing Qualifications Department is obligated to immediately issue a delisting determination if it should fail to meet any continued listing requirements. Therefore, if we were to fail to meet any continued listing requirements within the applicable time periods we would immediately be issued a delisting determination. Further, the Nasdaq rule provides that a company will not be considered to have regained compliance with the minimum bid price requirement if the company takes an action to achieve compliance (such as a reverse split) and that action results in its security falling below the numeric threshold for another listing requirement.

On April 10, 2026, we received written notice ("Listing Notification") from the Listing Qualifications staff of The Nasdaq Stock Market LLC ("Nasdaq") notifying us that we had regained compliance with Nasdaq Listing Rule 5550(a)(2), which requires that companies listed on the Nasdaq Capital Market maintain a minimum bid price of $1.00 per share. Nasdaq notified the Company in the Listing Notification that for the last 10 consecutive business days, from March 26, 2026 through April 9, 2026, the closing bid price of our Common Stock had been at $1.00 per share or greater and, accordingly, we had regained compliance with Nasdaq Listing Rule 5550(a)(2) and that the matter was now closed.

Additionally, Nasdaq recently proposed a new rule change (as amended on June 18, 2026) to (i) adopt Listing Rules 5450(a)(3) and 5550(a)(6) to require issuers listed on the Nasdaq Global and Capital Markets, respectively, to maintain a minimum Market Value of Listed Securities (as defined in Nasdaq Listing Rule 5005(a)(23)) of at least $5.0 million for a period of 30 consecutive business days, and (ii) amend Rule 5810 to suspend trading and immediately delist from Nasdaq securities of issuers that do not satisfy the proposed new requirements, and Rule 5815 to set forth the procedures for requesting a hearing before a Hearings Panel and the scope of the Panel's discretion (collectively, the "Proposed $5 Million MVLS Rule"). As of October 5, 2026, the market value of our listed securities was approximately $5.0 million. On July 22, 2026, the SEC approved the Proposed $5M MVLS Rule, permitting Nasdaq to implement the rule. However, subsequently, on July 29, 2026, the implementation of the Proposed $5 Million MVLS Rule was automatically stayed after notices of petition were filed. If the stay on the implementation of the Proposed $5 Million MVLS Rule is lifted and the market value of our listed securities does not meet the $5.0 million requirement as of the date it goes into effect, our securities will be subject to delisting.

There is no assurance that we will maintain compliance with all applicable requirements for continued listing on Nasdaq. If our Common Stock were delisted from Nasdaq, trading of our Common Stock would most likely take place on an over-the-counter market established for unlisted securities, such as the OTCQB or the Pink Market maintained by OTC Markets Group Inc. An investor would likely find it less convenient to sell, or to obtain accurate quotations in seeking to buy, our Common Stock on an over-the-counter market, and many investors would likely not buy or sell our Common Stock due to difficulty in accessing over-the-counter markets, policies preventing them from trading in securities not listed on a national exchange or other reasons. In addition, as a delisted security, our Common Stock would be subject to SEC rules as a "penny stock," which impose additional disclosure requirements on broker-dealers. The regulations relating to penny stocks, coupled with the typically higher cost per trade to the investor of penny stocks due to factors such as broker commissions generally representing a higher percentage of the price of a penny stock than of a higher-priced stock, would further limit the ability of investors to trade in our Common Stock. In addition, delisting could harm our ability to raise capital through alternative financing sources on terms acceptable to us, or at all, and may result in the potential loss of confidence by investors, suppliers, customers and employees and fewer business development opportunities. For these reasons and others, delisting would adversely affect the liquidity, trading volume and price of our Common Stock, causing the value of an investment in us to decrease and having an adverse effect on our business, financial condition and results of operations, including our ability to attract and retain qualified employees and to raise capital.

It is not possible to predict the actual number of shares of Common Stock we will issue upon conversion of the Notes.

The Selling Stockholders have the option to determine whether the obligations outstanding under the Notes are paid in cash or shares of Common Stock. Additionally, commencing 120 calendar days following the First Closing Date (September 1, 2026), the holders of outstanding Notes have the right to convert their Notes, or any portion thereof, into shares of Common Stock (an "Alternate Conversion") at a conversion price (the "Alternate Conversion Price") equal to the greater of (x) the Floor Price of $0.534 (which is equal to 20% of the Nasdaq Minimum Price applicable to the Notes) and (y) 92% of the lowest volume weighted average price ("VWAP") in the ten trading days prior to the date of such Alternate Conversion. From September 25, 2026 to October 1, 2026, certain of the Selling Stockholders converted First Notes in the aggregate principal amount of $1,100,000, plus accrued interest of $44,000, into an aggregate of 773,236 shares of our Common Stock, in each case at an Alternate Conversion Price of $1.4795. If all of the outstanding First Notes and Second Notes were converted at the Floor Price, assuming that the outstanding First Notes and Second Notes accrued interest at 10% for a period of twelve (12) months, and without giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the First Notes and Second Notes, we would be obligated to issue an aggregate of 10,711,613 shares and 11,664,772 shares of Common Stock upon conversion in full of the First Notes and Second Notes, respectively, which is an additional 8,735,791 shares and 9,513,134 shares of Common Stock when compared to the number of shares of Common Stock issuable upon conversion of the outstanding First Notes and Second Notes, respectively, at the Initial Conversion Price. Accordingly, the actual number of shares of Common Stock that will be issued upon conversion of the Notes, if any, cannot be determined at this time.

The sale of a substantial amount of our shares in the public market could adversely affect the prevailing market price of our securities.

We are registering for resale up to 24,276,696 shares of our Common Stock, which is a significant number of shares compared to the current number of shares of our Common Stock issued and outstanding. Sales of a substantial amount of shares of our Common Stock in the public market, or the perception that such sales might occur, could adversely affect the market price of our Common Stock. The issuance of the Incremental First Conversion Shares, Second Conversion Shares and the Second Warrant Shares, for example, is likely to further depress the price of our Common Stock, which could, among other factors, make it more difficult for us to maintain compliance with Nasdaq's continued listing requirements. We cannot predict if and when the Selling Stockholders may sell such shares of our Common Stock in the public markets. Furthermore, in the future, we may issue additional shares of our Common Stock or other equity or debt securities convertible into shares of our Common Stock. Any such issuance could result in substantial dilution to our existing stockholders and could cause the market price of our securities to decline.

The issuance of the shares of Common Stock covered by this prospectus would significantly increase the total number of shares of Common Stock issued and outstanding and thereby cause our existing stockholders to experience substantial dilution.

The shares of Common Stock being offered pursuant to this prospectus represent 9,091,065 Incremental First Conversion Shares, 11,664,772 Second Conversion Shares and 3,520,859 Second Warrant Shares. The number of shares of Common Stock covered by this prospectus does not include the 2,393,784 Previously Registered Conversion Shares that have been, or may be, issued to holders of the First Notes in the event that such holders convert their First Notes into shares of Common Stock at or below the Initial Conversion Price or the 3,917,099 shares of Common Stock (the "First Warrant Shares") that may be issued to the holders of the warrants issued to the Selling Stockholders in the First Closing (the "First Warrants") upon the exercise of the First Warrants by such holders thereof. If all of the outstanding First Notes and the Second Notes were converted at the Floor Price, assuming that the outstanding First Notes and Second Notes accrued interest at 10% for a period of twelve (12) months, and without giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the First Notes and Second Notes, we would be obligated to issue 10,711,613 shares and 11,664,772 shares of Common Stock upon conversion in full of the First Notes and Second Notes, respectively. As of October 5, 2026, there were 3,472,508 shares of Common Stock outstanding (prior to any deemed issuance of any Conversion Shares or Warrant Shares, but including the 773,236 Previously Registered Conversion Shares that have already been issued upon conversion of certain of the First Notes). The number of shares covered by this prospectus represents approximately 699% of the number of shares of Common Stock issued and outstanding as of the date of this prospectus. As a result, if we are required to issue the maximum number of Private Placement Shares that are being registered hereunder, an existing stockholder's proportionate interest in us will be substantially diluted. The actual number of shares of Common Stock that we issue to the Selling Stockholders may be more or less than the aggregate number of shares covered by this prospectus.

Under the Purchase Agreement, we are subject to certain restrictive covenants that may make it difficult to procure additional financing.

The Purchase Agreement contains restrictive covenants which restrict our ability to issue securities or file additional registration statements. If we require additional funding while these restrictive covenants remain in effect, we may be unable to effect a financing transaction on terms acceptable to us, or at all, while also remaining in compliance with the terms of the Purchase Agreement, or we may be forced to seek a waiver from the purchasers party to the Purchase Agreement, which such purchasers are not obligated to grant to us.

A registration default under the Registration Rights Agreement could result in liquidated damages obligations that would adversely affect our cash position.

Pursuant to the Registration Rights Agreement, we are obligated to file and maintain the effectiveness of one or more registration statements covering the resale of the Previously Registered First Conversion Shares, Incremental First Conversion Shares, First Warrant Shares, Second Conversion Shares and Second Warrant Shares, as well certain additional shares of our Common Stock that may be issuable upon conversion or exercise of convertible promissory notes and warrants that we may sell and issue to the Selling Stockholders in the future pursuant to the Purchase Agreement. Pursuant to the Registration Rights Agreement, if we fail to satisfy our registration obligations under the Registration Rights Agreement, including by failing to file or obtain or maintain the effectiveness of the required registration statements within specified time frames, we may be required to pay liquidated damages to the Selling Stockholders. Any such liquidated damages payments would have an adverse effect on our cash position and could divert funds from our operations and working capital needs.

Investors who buy shares at different times will likely pay different prices.

Investors who purchase Private Placement Shares in this offering at different times will likely pay different prices, and so may experience different levels of dilution and different outcomes in their investment results. The Selling Stockholders may sell such Private Placement Shares at different times and at different prices.

We have additional securities available for issuance, which, if issued, could adversely affect the rights of the holders of our Common Stock.

We may from time-to-time issue additional shares of Common Stock or preferred stock. Additionally, pursuant to the Purchase Agreement, we may sell and issue up to an additional $87,000,000 in convertible promissory notes together with warrants to the Selling Stockholders in the future, which notes and warrants, if issued, would be convertible and exercisable, respectively, for additional shares of our Common Stock. Furthermore, as opportunities present themselves, we may enter into financing or similar arrangements in the future, including the issuance of debt securities, Common Stock or preferred stock. Any future issuances of Common Stock or securities convertible into Common Stock, would further dilute the percentage ownership of us held by holders of Common Stock. In addition, the issuance of certain securities, may be used as an "anti-takeover" device without further action on the part of our stockholders, and may adversely affect the holders of the Common Stock.

Stockholders may experience significant dilution as a result of potential future financings.

Purchasers of the Private Placement Shares in this offering, as well as our existing stockholders, will experience significant dilution if we sell additional shares at prices significantly below the price at which they invested. In addition, we may issue additional convertible promissory notes and warrants to the Selling Stockholders pursuant to the Purchase Agreement or additional shares of Common Stock or other equity securities exercisable for shares of Common Stock in connection with, among other things, future acquisitions of additional companies or assets, or under our equity incentive plans, in certain cases without stockholder approval. Our existing stockholders may experience significant dilution if we issue shares of Common Stock in the future at prices below the price at which previous stockholders invested.

Our issuance of additional shares of Common Stock or other Common Stock equivalents would have the following effects:

- our existing stockholders' proportionate ownership interest in us will decrease;
- the relative voting strength of each previously outstanding ordinary share may be diminished; and
- the market price of our Common Stock may decline.

An active trading market for our Common Stock may not be sustained.

Although our Common Stock is listed on Nasdaq, the market for our Common Stock has demonstrated varying levels of trading activity. Furthermore, the current level of trading may not be sustained in the future. The lack of an active market for our Common Stock may impair investors' ability to sell their shares of Common Stock at the time they wish to sell them or at a price that they consider reasonable, may reduce the fair market value of their shares of Common Stock and may impair our ability to raise capital to continue to fund operations by selling shares and may impair our ability to utilize our shares as consideration in any licensing or other collaboration transactions with third parties.

Our share price may be subject to substantial volatility, and stockholders may lose all or a substantial part of their investment.

Our Common Stock is currently traded on Nasdaq. There is limited public float, and trading volume historically has been low and sporadic. As a result, the market price for our Common Stock may not necessarily be a reliable indicator of our fair market value. The price at which our Common Stock trades may fluctuate as a result of a number of factors, including the number of shares available for sale in the market, quarterly variations in our operating results, actual or anticipated announcements of new releases by us or competitors, the gain or loss of sources of revenues, changes in the estimates of our operating performance, market conditions in our industry and the economy as a whole.

THE PRIVATE PLACEMENT

On April 30, 2026, we entered into the Purchase Agreement with the Selling Stockholders related to a tranched private placement transaction (the "Private Placement") of senior convertible notes (collectively the "April PIPE Notes") and warrants (collectively, the "April PIPE Warrants") to purchase shares of Common Stock, as more particularly set forth below. Pursuant to the Purchase Agreement, we (i) issued and sold to the Selling Stockholders, at the First Closing on May 4, 2026, the First Notes in the aggregate principal amount of $6,300,000 and the First Warrants to purchase an aggregate of 3,917,099 shares of Common Stock (which is equal to 180% of the face value of the First Notes divided by the Initial Conversion Price of $2.895); (ii) agreed to issue and sell to the Selling Stockholders, at the Second Closing, additional April PIPE Notes in the aggregate principal amount of $6,700,000 and additional April PIPE Warrants to purchase an aggregate of 4,165,805 shares of Common Stock (which is equal to 180% of the face value of the notes issuable at the Second Closing divided by the Initial Conversion Price), such issuance to occur promptly after effectiveness of a registration statement registering the shares of Common Stock issuable upon conversion of such notes, assuming conversion at the Initial Conversion Price, and the shares of Common Stock issuable upon exercise of such warrants; and (iii) agreed to sell and issue to the Selling Stockholders, additional April PIPE Notes in the aggregate principal amount of up to $87,000,000 (the "Additional Notes") and April PIPE Warrants (the "Additional Warrants") to purchase an aggregate of 54,093,267 shares of Common Stock (which is equal to 180% of the principal amount of the Additional Notes that may be issued, divided by the Initial Conversion Price (the "Additional Warrant Shares")), such issuances of Additional Notes and Additional Warrants to be at additional closings (each, an "Additional Closing" and together with the First Closing and Second Closing, each a "Closing") from time to time as determined by us and the Selling Stockholders, subject to the Company's and the Selling Stockholders' mutual consent to such sales and issuances and certain conditions being met. On August 26, 2026, the Company and the Selling Stockholders entered into an Amendment to Securities Purchase Agreement and Registration Rights Agreement (the "SPA & RRA Amendment"), which amended the Purchase Agreement to provide that: (i) the date of the Second Closing shall be August 26, 2026 (the "Second Closing Date"), or such other date as may be agreed upon in writing between the Company and the Selling Stockholders; and (ii) on the Second Closing Date, the Selling Stockholders, severally and not jointly, shall have the right to purchase up to $6,700,000 (pro rata by initial subscription amounts with respect to the First Closing) of April PIPE Notes and April PIPE Warrants. The SPA & RRA Amendment also amended certain terms of the Registration Rights Agreement, as discussed in further detail below.

Dawson James Securities, Inc. ("Dawson James") served as our exclusive placement agent in connection with the Private Placement pursuant to the terms of a placement agency agreement (the "Placement Agency Agreement"), dated April 30, 2026, entered into between us and Dawson James. Pursuant to the Placement Agency Agreement, Dawson James is entitled to receive (i) a cash fee equal to 4.6% of the aggregate gross proceeds of the Private Placement, (ii) up to $55,000 for legal fees and expenses, and (iii) a warrant exercise fee of 7% of the gross cash proceeds received as a result of the exercise for cash of any warrants that have been or may be issued pursuant to the Purchase Agreement or any warrants issued in connection with our private placement that closed on February 17, 2026.

Set forth below is a summary of the Private Placement transaction and the related agreements. Copies of the related agreements have been filed as exhibits to this registration statement and our Current Reports on Form 8-K, filed with the SEC on May 5, 2026 and August 28, 2026. You are encouraged to review the full text of such agreements.

The First Closing

The First Closing of the Private Placement occurred on May 4, 2026, the First Closing Date, at which we sold and issued the Selling Stockholders the First Notes in the aggregate principal amount of $6,300,000 together with the First Warrants to purchase 3,917,099 shares of Common Stock. The net proceeds to us from the First Closing of the Private Placement were approximately $5.7 million, after deducting placement agent fees and the payment of other offering expenses associated with the offering that were payable by us.

From September 25, 2026 to October 1, 2026, certain of the Selling Stockholders converted First Notes in the aggregate principal amount of $1,100,000, plus accrued interest of $44,000, into an aggregate of 773,236 shares of our Common Stock, in each case at an Alternative Conversion Price of $1.4795 per share. As a result, as of October 5, 2026, First Notes in the aggregate principal amount of $5,200,000 remain outstanding.

The First Notes, without taking into account any accrued and unpaid interest or conversions to date, were initially convertible, at the option of the holder, into an aggregate of 2,176,168 shares of Common Stock at the Initial Conversion Price, which is equal to the Minimum Price (as defined in the rules of The Nasdaq Capital Market) (the "Nasdaq Minimum Price") at the time of the signing of the Purchase Agreement plus $0.225. Assuming that the First Notes accrue interest at 10% for a period of 12 months, and not taking into account any conversions to date, the First Notes would have been convertible into an aggregate of 2,393,784 shares of Common Stock, based on the Initial Conversion Price and assuming no reduction in the Initial Conversion Price, which shares of Common Stock (referred to herein as the Previously Registered Conversion Shares) were previously registered by the Company for resale by the Selling Stockholders pursuant to that Registration Statement on Form S-3 (No. 333-295970) filed by the Company with the SEC on May 15, 2026, as amended on June 22, 2026 and July 13, 2026, which was declared effective by the SEC on August 5, 2026. Assuming that the First Notes accrue interest at 10% for a period of twelve (12) months and that all of the First Notes were converted into shares of our Common Stock at a price equal to the Floor Price, without taking into account any conversions to date or giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the First Notes, we would have been required to issue an aggregate of 12,977,531 shares of Common Stock upon the full conversion of the First Notes.

The 9,091,065 Incremental First Conversion Shares being registered hereunder are in addition to the 2,393,784 Previously Registered Conversion Shares that may be issued upon conversion of the First Notes, of which, the 773,236 shares of Common Stock have already been issued to, and resold by, the Selling Stockholders, and together they represent the total number of shares that may be issued to the Selling Stockholders upon conversion of the First Notes, assuming that the First Notes that have not yet been converted accrue interest at 10% for a period of twelve (12) months and that all of the First Notes that have not yet been converted were converted into shares of our Common Stock at a price equal to the Floor Price, without giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the First Notes.

The First Warrants have a term of six years from the date of issuance and are exercisable at a price of $2.67 per share of Common Stock (the "Exercise Price"). The First Warrant Shares were also previously registered by the Company for resale by the Selling Stockholders pursuant to that Registration Statement on Form S-3 (No. 333-295970) filed by the Company with the SEC on May 15, 2026, as amended on June 22, 2026 and July 13, 2026, which was declared effective by the SEC on August 5, 2026.

The Second Closing

The Second Closing of the Private Placement occurred on August 26, 2026, the Second Closing Date, at which we sold and issued the Selling Stockholders the Second Notes in the aggregate principal amount of $5,662,716.07 together with the Second Warrants to purchase 3,520,859 shares of Common Stock. The net proceeds to us from the Second Closing of the Private Placement were approximately $5.4 million, after deducting placement agent fees and the payment of other offering expenses associated with the offering that were payable by us. As required by the Purchase Agreement, we utilized the net proceeds of the Second Closing to repay certain outstanding senior convertible notes (the "February Notes") sold and issued to the Selling Stockholders pursuant to that Securities Purchase Agreement, dated as of February 12, 2026, in an amount equal to 110% of the outstanding aggregate principal amount of such February Notes.

The Second Notes have the same terms as the First Notes, and, without taking into account any accrued and unpaid interest, are initially convertible, at the option of the holder, into an aggregate of 1,956,034 shares of Common Stock at the Initial Conversion Price. Assuming that the Second Notes accrue interest at 10% for a period of 12 months, the Second Notes would be convertible into an aggregate of 2,151,638 shares of Common Stock, based on the Initial Conversion Price. Assuming that the Second Notes accrue interest at 10% for a period of twelve (12) months and that all of the Second Notes were converted into shares of our Common Stock at a price equal to the Floor Price, without giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the Second Notes, we would be required to issue an aggregate of 11,664,772 shares of Common Stock upon the full conversion of the Second Notes.

The Second Warrants have a term of six years from the date of issuance and will be exercisable at the Exercise Price.

Additional Closings

Subject to the satisfaction of certain closing conditions, including the mutual agreement of us and the Selling Stockholders, Additional Closings for an aggregate of up to $87,000,000 may occur from time to time after the Second Closing. There can be no assurance that any Additional Closings will occur.

The Additional Notes, if any, shall have the same terms as the First Notes, and, without taking into account any accrued and unpaid interest, will be initially convertible, at the option of the holder, into an aggregate of up to 30,051,816 shares. Assuming that all Additional Notes are issued and sold and that such Additional Notes accrue interest at 10% for a period of 12 months, the Additional Notes would be convertible into an aggregate of 33,056,996 shares of Common Stock, based on the Initial Conversion Price. The Additional Warrants, if any, will have a term of six years from the date of issuance and will be exercisable at the Exercise Price.

The Securities Purchase Agreement

Restrictions on Subsequent Equity Sales

The Purchase Agreement provides that, (i) from the date of the Purchase Agreement, with respect to the First Closing, and, (ii) from the date of each Closing, with respect to each Closing other than the First Closing, and in each case, until the date that is 30 trading days following each applicable Registration Statement Effectiveness Date (as defined below), we and our subsidiaries may not issue, enter into any agreement to issue or announce the issuance or proposed issuance of any shares of Common Stock or common stock equivalents or file any registration statement or amendment or supplement thereto other than a registration statement providing for the resale of the shares of Common Stock issuable upon exercise of the April PIPE Warrants (the "April PIPE Warrant Shares") and the shares of Common Stock issuable upon conversion of the April PIPE Notes (the "April PIPE Conversion Shares"), subject to certain other limited exceptions.

The Purchase Agreement further provides that until the date on which the April PIPE Notes are no longer outstanding, we will be prohibited from effecting or entering into an agreement to effect any issuance by us or any of our subsidiaries of Common Stock or common stock equivalents (or a combination of units thereof) involving a Variable Rate Transaction (as defined therein).

Participation in Future Financings

Pursuant to the Purchase Agreement, until 12 months after the date on which the April PIPE Notes are no longer outstanding, upon us or any of our subsidiaries issuing any securities, including Common Stock, preferred stock, Indebtedness (as defined in the Purchase Agreement) or options or securities convertible into shares of Common Stock (a "Subsequent Financing"), the Selling Stockholders shall have the right to participate in the Subsequent Financing up to an amount, in the aggregate, equal to 50% of the Subsequent Financing (the "Participation Maximum") on the same terms, conditions and price provided for in the financing.

The Purchase Agreement provides that at no time can the participation rights granted pursuant thereto together with all pre-existing rights granted to such Selling Stockholder to participate in any Subsequent Financing exceed such Selling Stockholders' respective pro rata portion of the Participation Maximum.

Stockholder Approval

Pursuant to the Purchase Agreement, we agreed to hold a meeting of stockholders at the earliest practical date after the First Closing Date (and in no event later than 60 days after the First Closing Date) (the "Stockholder Meeting Deadline") and use our reasonable best efforts to obtain (i) such approval as may be required under the applicable rules of Nasdaq from our stockholders with respect to the issuance of April PIPE Conversion Shares at the Alternate Conversion Price and (ii) approval from our stockholders of a reverse stock split of Common Stock at a ratio to be determined by our Board of Directors in its discretion (the "Stockholder Approval").

Our 2026 Annual Meeting of Stockholders was held on June 12, 2026 (the "Annual Meeting"), at which meeting we presented, and our stockholders approved, the foregoing proposals. As a result of such approvals, commencing 120 calendar days following the First Closing Date (September 1, 2026), the holders of outstanding Notes have the right to complete an Alternate Conversion at the Alternate Conversion Price equal to the greater of (x) the Floor Price of $0.534 (which is equal to 20% of the Nasdaq Minimum Price applicable to the Notes) and (y) 92% of the lowest VWAP in the ten trading days prior to the date of such Alternate Conversion, as discussed in further detail below. From September 25, 2026 to October 1, 2026, certain of the Selling Stockholders converted First Notes in the aggregate principal amount of $1,100,000, plus accrued interest of $44,000, into an aggregate of 773,236 shares of our Common Stock. If all of the outstanding First Notes and Second Notes were converted at the Floor Price, assuming that the First Notes and Second Notes accrued interest at 10% for a period of twelve (12) months, and without giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the First Notes and Second Notes, we would be obligated to issue 10,711,613 shares and 11,664,772 shares of Common Stock upon conversion in full of the First Notes and the Second Notes, respectively.

Miscellaneous

The Purchase Agreement contains customary representations, warranties, agreements and conditions to completing future sale transactions, indemnification rights and obligations of the parties. Among other things, each of the Selling Stockholders represented to us, that it is an "accredited investor" (as such term is defined in Rule 501(a) of Regulation D under the Securities Act, and we sold, and to the extent not yet sold, will sell, the securities in reliance upon an exemption from registration contained in Section 4(a)(2) of the Securities Act and/or Regulation D promulgated thereunder.

Pursuant to the Purchase Agreement, we also agreed to restructure or equitize certain outstanding promissory notes previously issued to certain related parties, in the aggregate principal amount of $6,305,517. In connection with this obligation, on June 11, 2026, we entered into an exchange agreement with Index Equity US, LLC, a related party, which was amended on June 15, 2026, to exchange $7,169,072.79 of principal and accrued interest outstanding under an Amended and Restated Promissory Note, dated January 1, 2025, for 7,169 shares of a newly designated series of Series C Convertible Preferred Stock, convertible at an initial conversion price of $2.895 per share into approximately 2,476,339 shares of our Common Stock, and a common stock purchase warrant to purchase up to 619,084 shares of our Common Stock exercisable at an initial exercise price of $2.895 per share, subject to, among other things, adjustment, stockholder approval (if required under Nasdaq rules) and certain beneficial ownership limitations. Additionally, on September 30, 2026, we entered into an exchange agreement with James D. Burnham, a related party, to exchange $1,446,774.32 of principal and accrued interest outstanding under a Promissory Note, dated June 2, 2026, for 1,441 shares of a newly designated series of Series D Convertible Preferred Stock, convertible at an initial conversion price of $2.895 per share into approximately 497,754 shares of our Common Stock, and a common stock purchase warrant to purchase up to 124,438 shares of our Common Stock exercisable at an initial exercise price of $2.895 per share, subject to, among other things, adjustment, stockholder approval (if required under Nasdaq rules) and certain beneficial ownership limitations

Securities Issued

The April PIPE Notes

The April PIPE Notes mature twelve (12) months from their date of issuance (subject to extension under certain circumstances) (the "Maturity Date"), bear interest at a rate of 10% per annum, and are payable in full on the Maturity Date. The April PIPE Notes are unsecured and are senior to all other Indebtedness (as such term is defined in the April PIPE Notes) of the Company and its subsidiaries, with each April PIPE Note ranking *pari passu* with all other April PIPE Notes.

The April PIPE Notes are initially convertible, at the option of the holder, at any time after the date of issuance, into that number of shares of Common Stock equal to the principal amount of the April PIPE Notes, plus all accrued and unpaid interest and late charges and any other unpaid amounts, at the Initial Conversion Price of $2.895 per share, subject to adjustment for any stock splits, stock dividends, recapitalizations and similar events. The issuance of shares of Common Stock upon conversion of the Notes at an Alternate Conversion Price below the Initial Conversion Price requires Stockholder Approval, which was obtained at the Annual Meeting held on June 12, 2026. As a result of the receipt of Stockholder Approval, the holders of the April PIPE Notes have the right, at any time after 120 calendar days following the First Closing Date, to complete an Alternate Conversion and to convert their April PIPE Notes or any portion thereof into shares of Common Stock at an Alternate Conversion Price equal to the greater of (x) the Floor Price of $0.534 (which is equal to 20% of the Nasdaq Minimum Price applicable to the Notes) and (y) 92% of the lowest VWAP in the ten trading days prior to the date of such Alternate Conversion. If all of the outstanding First Notes and Second Notes were converted at the Floor Price, assuming that the First Notes and Second Notes accrued interest at 10% for a period of twelve (12) months, and without giving effect to any default interest or penalties which may accrue thereunder and without regard to any conversion limitations set forth in the First Notes, we would be obligated to issue 10,711,613 shares and 11,664,772 shares of Common Stock upon conversion in full of the First Notes and Second Notes, respectively.

The holders of the April PIPE Notes are prohibited from converting the April PIPE Notes into shares of Common Stock if, as a result of such conversion, such holder, together with its affiliates, would beneficially own in excess of 4.99% (or, at the option of the holder, 9.99%) of the total number of shares of Common Stock issued and outstanding immediately after giving effect to such exercise.

The April PIPE Notes are redeemable by us at any time, at our option, in whole or in part, at a redemption price equal to 110% of the sum of the principal amount to be redeemed plus accrued interest, if any.

The April PIPE Notes contain certain customary and other events of default. If an event of default occurs, from and after the occurrence, and during the continuance of, such event of default, the interest rate of the April PIPE Notes shall automatically increase to 18% per annum until such event of default is cured. Additionally, if an event of default occurs, the holders of outstanding April PIPE Notes may, regardless of whether such event of default has been cured, require us to redeem all or any portion of the outstanding April PIPE Notes at a price equal to the greater of (i) the product of (A) the value of the April PIPE Notes to be redeemed multiplied by (B) 110% and (ii) the product of (X) the value of the April PIPE Notes to be redeemed, divided by the Initial Conversion Price, multiplied by (Y) the product of (1) 110% multiplied by (2) the greatest closing sale price of the Common Stock on any trading day during the period commencing on the date immediately preceding such event of default and ending on the date we make the entire payment.

Pursuant to the April PIPE Notes, we shall not enter into or be a party to a Fundamental Transaction (as such term is defined in the April PIPE Notes) unless (i) the successor entity assumes in writing all of the obligations under the April PIPE Notes and the other transaction documents and (ii) the successor entity is a publicly traded corporation whose common stock is quoted on or listed for trading on an eligible market, as set forth in the April PIPE Notes.

While the April PIPE Notes are outstanding, subject to certain exempt issuances, if we sell, offer or grant any option or right to purchase, or otherwise disposes of or sells any equity security or equity-linked or related security, any convertible securities any preferred stock or other securities, the holders of outstanding April PIPE Notes shall have the right, in their sole discretion, to require that we apply up to 30% of the gross proceeds from such sales or offers to redeem all, or any portion, of the outstanding April PIPE Notes at a price equal to 110% of the amount of the April PIPE Note being redeemed.

Without giving effect to any default interest or penalties which may accrue thereunder, assuming the issuance and sale of all April PIPE Notes, the full conversion of the April PIPE Notes (not taking into account any conversions to date) plus accrued interest in full into Common Stock without regard to any conversion limitations set forth in the April PIPE Notes (assuming the April PIPE Notes accrued interest at 10% for a period of 12 months) and that the April PIPE Notes are converted at the Initial Conversion Price, approximately 2,393,784, 2,151,638 and 33,056,996 shares of Common Stock would be issuable upon conversion of the First Notes, the Second Notes and the Additional Notes, respectively.

Without giving effect to any default interest or penalties which may accrue thereunder, assuming the issuance and sale of all April PIPE Notes, full conversion of the April PIPE Notes (not taking into account any conversions to date) plus accrued interest in full into Common Stock without regard to any conversion limitations set forth in the April PIPE Notes (assuming the April PIPE Notes accrued interest at 10% for a period of 12 months) and that the April PIPE Notes are converted at the Floor Price, approximately 12,977,531, 11,664,772 and 179,213,485 shares of Common Stock would be issuable upon conversion of the First Notes, the Second Notes and the Additional Notes, respectively.

The April PIPE Warrants

Exercise Price

The April PIPE Warrants shall be immediately exercisable upon issuance, have a term of six years from the date of issuance, and be exercisable for shares of Common Stock at the Exercise Price of $2.67 per share; provided that the exercise price and number of shares of Common Stock issuable upon exercise of the April PIPE Warrants are subject to customary adjustments pursuant to stock dividends, stock splits or similar events.

Cashless Exercise

In the event there is no effective registration statement registering, or the prospectus contained therein is not available for the resale of the shares of Common Stock issuable upon exercise of the outstanding April PIPE Warrants (the "April PIPE Warrant Shares"), the April PIPE Warrants may be exercised, in whole or in part, by means of a "cashless exercise" in which case the holder will be entitled to receive a number of April PIPE Warrant Shares equal to the quotient obtained by dividing, (x) (A) as applicable, the VWAP of the Common Stock on the date immediately preceding the exercise date (if the notice of exercise is (1) both executed and delivered on a day that is not a Trading Day (as defined in the April PIPE Warrant) or (2) both executed and delivered on a trading day prior to the opening of "regular trading hours) or the bid price of the Common Stock as of the time of the holder's execution of the applicable notice of exercise (if the notice of exercise is executed during "regular trading hours" on a trading day), less the exercise price of the April PIPE Warrant, multiplied by (B) the number of April PIPE Warrant Shares that would be issuable upon exercise of the April PIPE Warrant if the exercise were by means of a cash exercise rather than a cashless exercise, by (y) the price used in (A).

Fundamental Transaction

If a Fundamental Transaction (as such term is defined in the April PIPE Warrant) occurs, then the successor entity will succeed to, and be substituted for the Company, and may exercise every right and power that we may exercise and will assume all of our obligations under the April PIPE Warrants with the same effect as if such successor entity had been named in the April PIPE Warrant itself. If holders of the Common Stock are given a choice as to the securities, cash or property to be received in a fundamental transaction, then the holder shall be given the same choice as to the consideration it receives upon any exercise of the April PIPE Warrant following such Fundamental Transaction. In certain circumstances, the holder will have the right to receive the Black Scholes Value of the April PIPE Warrant calculated pursuant to a formula set forth in the April PIPE Warrants, payable either in cash or under certain circumstances in the same type or form of consideration that is being offered and being paid to the holders of the Common Stock as described in the April PIPE Warrants.

Rights of Holder

Except as otherwise provided in the April PIPE Warrants or by virtue of such holder's ownership of shares of Common Stock, the holder of an April PIPE Warrant does not have the rights or privileges of a holder of the Common Stock, including any voting rights, until the holder exercises the April PIPE Warrant.

Limitations on Exercise

The holders of the April PIPE Warrants are prohibited from exercising the April PIPE Warrants for shares of Common Stock if, as a result of such conversion, such holder, together with its affiliates, would beneficially own in excess of 4.99% (or, at the option of the holder, 9.99%) of the total number of shares of Common Stock issued and outstanding immediately after giving effect to such exercise.

The Registration Rights Agreement

In connection with the Private Placement, we entered into a registration rights agreement (the "Registration Rights Agreement"), dated April 30, 2026, with the Selling Stockholders, pursuant to which we agreed to prepare and file registration statements with the SEC registering the resale of the April PIPE Conversion Shares and the April PIPE Warrant Shares. As noted above, on August 26, 2026, we entered into the SPA & RRA Amendment with the Selling Stockholders, which amended certain provisions of the Registration Rights Agreement. The SPA & RRA Amendment also amended certain terms of the Purchase Agreement, as discussed in further detail above.

Specifically, the Registration Rights Agreement, as amended by the SPA & RRA Amendment, provides that we shall file the Initial Registration Statement registering (i) the First Conversion Shares then issued and issuable upon conversion of the First Notes (assuming the First Notes are converted at the Initial Conversion Price without regard to any conversion limitations contained therein), and (ii) all First Warrant Shares issued and issuable upon the exercise of the First Warrants (without regard to any exercise limitations therein). We were required to file the Initial Registration Statement no later than 15 calendar days after the First Closing Date (the "Initial Registration Statement Filing Date"), and to use our commercially reasonable efforts to have the Initial Registration Statement declared effective as promptly as possible thereafter, and in any event not more than 60 days following the First Closing Date (or 75 days following the First Closing Date in the event of a "full review" by the SEC) (the "Initial Registration Statement Effectiveness Date"), subject to waiver by the Selling Stockholders. The Registration Rights Agreement also provides that if the SEC informs us that all of the Registrable Securities (as such term is defined therein) cannot, as a result of the application of Rule 415 promulgated by the Commission pursuant to the Securities Act, be registered for resale as a secondary offering on a single registration statement, we agree to use our commercially reasonable efforts to file amendments to the applicable registration statement as required by the SEC, covering the maximum number of Registrable Securities permitted to be registered by the Commission, on Form S-3. We filed the Initial Registration Statement with the SEC on May 15, 2026 and filed amendments to the Initial Registration Statement with the SEC on each of June 22, 2026 and July 13, 2026, and the SEC declared the Initial Registration Statement effective on August 5, 2026.

The Registration Rights Agreement, as amended by the SPA & RRA Amendment, further provides that we shall file another registration statement (the "Second Registration Statement") registering (i) the difference between (a) total number of shares of Common Stock issuable upon conversion of the First Notes, assuming the First Notes are converted at the Initial Conversion Price without regard to any conversion limitations contained therein, and (b) and the number of Previously Registered First Conversion Shares; (ii) the Second Conversion Shares then issued and issuable upon conversion of the Second Notes, assuming the Second Notes are converted at the Floor Price without regard to any conversion limitations contained therein; and (iii) the all Second Warrant Shares to be issuable upon the exercise of the Second Warrants (without regard to any exercise limitations therein). We are required to file the Second Registration Statement no later than 15 calendar days after the Second Closing Date (the "Second Registration Statement Filing Date") and to use our commercially reasonable efforts to have the Second Registration Statement declared effective as promptly as possible thereafter, and in any event not more than 60 days following the Second Registration Statement Filing Date (or 75 days following the Second Registration Statement Filing Date in the event of a "full review" by the SEC) (the "Second Registration Statement Effectiveness Date").

Finally, the Registration Rights Agreement provides that we shall file an additional registration statement (an "Additional Registration Statement") registering (i) all shares of Common Stock then issued and issuable upon conversion in full of the Additional Notes (assuming on such date that the Additional Notes are converted in full at the Floor Price of the Additional Notes without regard to any conversion limitations therein) and (ii) all Additional Warrant Shares then issued and issuable upon exercise of the Additional Warrants issued and issuable in the Additional Closing (assuming on such date that such Additional Warrants are exercised at the initial exercise price in full without regard to any exercise limitations therein). We are required to file each Additional Registration Statement no later than 10 calendar days after the date of such Additional Closing (the "Additional Registration Statement Filing Date" and, together with the Initial Registration Statement Filing Date and the Second Registration Statement Filing Date, the "Filing Date") and to use our commercially reasonable efforts to have such Additional Registration Statement declared effective as promptly as possible thereafter, and in any event not more than 60 days following the Additional Registration Statement Filing Date (or 75 days following the Additional Registration Statement Filing Date in the event of a "full review" by the SEC) (the "Additional Registration Statement Effectiveness Date" and, together with the Initial Registration Statement Effectiveness Date and the Second Registration Statement Effectiveness Date, the "Effectiveness Date").

Pursuant to the Registration Rights Agreement, we will be required to pay to the Selling Stockholders liquidated damages in the event any registration statement is not filed by the applicable Filing Date or declared effective by the applicable Effectiveness Date, and in certain other limited circumstances, in an amount equal to the product of 2.0% multiplied by the aggregate subscription amount paid by the Selling Stockholders pursuant to the Purchase Agreement on a monthly basis until cured, which amount, if not paid within seven days of the date payable under the Registration Rights Agreement, shall accrue interest at a rate of 18% per annum (or such lesser maximum amount that is permitted to be paid by applicable law) to the Selling Stockholders, accruing daily from the date the liquidated damages are due until all amounts, including all interest amounts, are paid in full. The SPA & RRA Amendment amended the Registration Rights Agreement to, amongst other things, carve out from the liquidated damages provisions set forth in the Registration Rights Agreement liquidated damages associated with our failure to file the Initial Registration Statement or to cause the Initial Registration Statement to be declared effective by the SEC by the applicable deadlines.

The Registration Rights Agreement further provides that we shall use commercially reasonable efforts to keep such registration statements effective at all times until all securities covered by such registration statements have been sold or may be sold without volume or manner-of-sale restrictions pursuant to Rule 144 and without the requirement for us to be in compliance with the current public information requirement under Rule 144.

The Placement Agency Agreement

Dawson James served as our exclusive placement agent in connection with the Private Placement pursuant to the terms of the Placement Agency Agreement. Pursuant to the Placement Agency Agreement, Dawson James is entitled to receive (i) a cash fee equal to 4.6% of the aggregate gross proceeds of the Private Placement, (ii) up to $55,000 for legal fees and expenses, and (iii) a warrant exercise fee of 7% of the gross cash proceeds received as a result of the exercise for cash of any April PIPE Warrants or any warrants issued in connection with our private placement that closed on February 17, 2026.

Pursuant to the Placement Agency Agreement, certain of our officers have executed, and, subject to a waiver from the Placement Agent, each of our other officers and directors shall execute on or before the Second Closing, lock-up agreements, pursuant to which they agreed, or shall agree, not to offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend, or otherwise transfer or dispose of, directly or indirectly, any shares of capital stock of the Company or any securities convertible into or exercisable or exchangeable for shares of capital stock of the Company until 30 days after the effective date of the Initial Registration Statement. The Placement Agency Agreement further provides that we shall deliver executed lock-up agreements from each of our other officers and directors and holders of more than 5% of the outstanding shares of Common Stock similar lock-ups shall be delivered in connection with the Second Closing providing for a lock-up period of 30 days after the effective date of the Initial Registration Statement(s).

USE OF PROCEEDS

We will not receive any proceeds from the sale of the Private Placement Shares by the Selling Stockholders. We will, however, receive up to an aggregate of approximately $9.4 million in cash from the exercise of the Second Warrants, assuming the exercise in full for cash of all the Second Warrants, which we intend to use for working capital and general corporate purposes.

The Selling Stockholders will receive all of the proceeds of the sale of Private Placement Shares offered from time to time pursuant to this prospectus. Accordingly, we will not receive any proceeds from the sale of the Private Placement Shares that may be sold from time to time pursuant to this prospectus. See “Plan of Distribution” elsewhere in this prospectus for more information.

SELLING STOCKHOLDERS

The Private Placement Shares being offered by the Selling Stockholders are those certain of those shares issuable to the Selling Stockholders upon conversion of the Notes and exercise of the Warrants. Included in the Private Placement Shares being offered by the Selling Stockholders are: (i) an aggregate of 9,091,065 Incremental First Conversion Shares issuable upon the conversion of the outstanding First Notes, assuming the conversion of the full $5,200,000 in principal plus interest of $520,000 at the Floor Price (assuming the First Notes accrued interest at 10% for a period of twelve (12) months and excluding the Previously Registered Conversion Shares); (ii) an aggregate of 11,664,772 Second Conversion Shares issuable upon the conversion of the Second Notes, assuming the conversion of the full $5,662,716.07 in principal plus interest of $566,271.61 at the Floor Price (assuming the Second Notes accrued interest at 10% for a period of twelve (12) months); and (iii) 3,520,859 Second Warrant Shares issuable upon exercise of Second Warrants at an exercise price of $2.67 per share. For additional information regarding the issuances of the Notes and the Warrants, see "The Private Placement," above. We are registering the Private Placement Shares in order to permit the Selling Stockholders to offer the Private Placement Shares for resale from time to time.

The Private Placement Shares being offered by the Selling Stockholders do not include an aggregate of up to an additional 2,393,784 Previously Registered First Conversion Shares that may be issued upon conversion of the First Notes, of which, 773,236 shares have already been issued to, and resold by the Selling Stockholders, which we have already registered under the Initial Registration Statement we filed with the SEC on May 15, 2026, as amended on each of June 22, 2026 and July 13, 2026, and which the SEC declared the Initial Registration Statement effective on August 5, 2026.

Each of the Selling Stockholders entered into a securities purchase agreement with the Company on October 16, 2025, pursuant to which they purchased shares of Series B Convertible Preferred Stock ("Series B Preferred Stock") and warrants from the Company, at a combined purchase price of $25.00 for each share of Series B Preferred Stock and accompanying warrant, in a private placement transaction, which closed on October 17, 2025. Additionally, each of the Selling Stockholders entered into a securities purchase agreement with the Company on February 12, 2026, pursuant to which they purchased senior convertible notes in the aggregate principal amount of $6,042,985.39, together with warrants to purchase an aggregate of 1,937,599 shares of Common Stock, in a private placement transaction, which closed on February 17, 2026. Except for the foregoing, the ownership of the Notes and the Warrants, the conversion by Selling Stockholders of certain of the First Notes prior to the date hereof, and the potential future ownership of any Additional Notes and Additional Warrants that they may purchase from the Company in the future pursuant to the Purchase Agreement, the Selling Stockholders have not had any material relationship with us within the past three years.

The table below lists the Selling Stockholders and other information regarding the beneficial ownership of the shares of Common Stock by each of the Selling Stockholders. The second column lists the number of shares of Common Stock beneficially owned by each Selling Stockholder, based on its ownership of shares of Common Stock, the Notes and the Warrants, as well as any other outstanding securities convertible or exercisable for shares of Common Stock, as of October 5, 2026, assuming conversion and exercise of the Notes at the Floor Price, exercise of the First Warrants, exercise of the Second Warrants, and the conversion or exercise of any other outstanding securities convertible or exercisable for shares of Common Stock, as applicable, held by the Selling Stockholders on that date, without regard to any limitations on exercises or conversions.

The third column lists the shares of Common Stock being offered by this prospectus by the Selling Stockholders. In accordance with the terms of a Registration Rights Agreement entered into with the Selling Stockholders, this prospectus generally covers the resale of the maximum number of shares of Common Stock issuable upon conversion or exercise of the outstanding Notes (less the maximum number of shares of Common Stock issuable upon conversion of the Outstanding Notes at the Initial conversion price) and the Second Warrants, as applicable, in each case determined as if the outstanding Notes (plus assumed accrued interest at 10% for a period of twelve (12) months) and Second Warrants were converted at the Floor Price or exercised in full, as applicable, as of the trading day immediately preceding the date this registration statement was initially filed with the SEC, without regard to any limitations on exercises or conversions.

The percentages included in the fourth column assumes, for each Selling Stockholder, the sale of all of the shares of Common Stock offered by such Selling Stockholder, but not the shares of Common Stock offered by the other Selling Stockholders, pursuant to this prospectus. Because each Selling Stockholder may dispose of all, none or some portion of their Private Placement Shares, no estimate can be given as to the number of Private Placement Shares that will be beneficially owned by a Selling Stockholder upon termination of this offering. For purposes of the table below, however, we have assumed that after termination of this offering none of the Private Placement Shares covered by this prospectus will be beneficially owned by the Selling Stockholders and further assumed that the Selling Stockholders will not acquire beneficial ownership of any additional shares of our Common Stock during the offering. In addition, the Selling Stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, the Private Placement Shares in transactions exempt from the registration requirements of the Securities Act after the date on which the information in the table is presented.

Under the terms of the Notes and the Warrants, a Selling Stockholder may not convert or exercise its applicable Notes or Warrants to the extent such exercise or conversion, as applicable, would cause such Selling Stockholder, together with its affiliates and attribution parties, to beneficially own a number of shares of Common Stock which would exceed 4.99% (or, at the election of the holder, 9.99%) of our then outstanding Common Stock following such exercise or conversion, as applicable, excluding for purposes of such determination shares of Common Stock issuable upon conversion of the Notes or exercise of the Warrants which have not been converted or exercised. The number of shares in the second and fourth columns and the percentage in the fifth column does not reflect this limitation. The Selling Stockholders may sell all, some or none of their shares in this offering. See "Plan of Distribution."

Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Exchange Act, and includes our shares of Common Stock with respect to which the Selling Stockholders have sole or shared voting and investment power. The percentage of our shares of Common Stock beneficially owned by the Selling Stockholders prior to the offering shown in the table below is based on 3,472,508 shares of our Common Stock outstanding on October 5, 2026.

PLAN OF DISTRIBUTION

Each Selling Stockholder of the Private Placement Shares and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of Common Stock covered hereby on the principal trading market or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A Selling Stockholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the Selling Stockholders to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The Selling Stockholders may also sell securities under Rule 144 or any other exemption from registration under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2121; and in the case of a principal transaction a markup or markdown in compliance with FINRA Rule 2121.

In connection with the sale of the securities or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Stockholder has informed the Company that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

The Company is required to pay certain fees and expenses incurred by the Company incident to the registration of the securities. The Company has agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

We agreed to keep this prospectus effective until the earlier of (i) the date on which the securities may be resold by the Selling Stockholders without registration and without regard to any volume or manner-of-sale limitations by reason of Rule 144, without the requirement for the Company to be in compliance with the current public information under Rule 144 under the Securities Act or any other rule of similar effect or (ii) all of the securities have been sold pursuant to this prospectus or Rule 144 under the Securities Act or any other rule of similar effect. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the common stock by the Selling Stockholders or any other person. We will make copies of this prospectus available to the Selling Stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).
